Communities Growing Trees Together

## STREET TREE SPECIES FOR YOUR SITE

You have room for a small tree in the public right-of way adjacent to your home. We are able to offer the following two species for the conditions at your site, contingent on availability. Please write in your preferred choice when you submit your tree adoption agreement.

### MOCK ORANGE

*Murraya paniculata*

- fragrant white flowers
- often pruned as a hedge or bush, but makes an attractive small tree. Check out this picture from a Kailua resident!
- Can be seen at Foster Botanical Garden

### LIGNUM VITAE

*Guaiacum officinale*

- slow growing, small
- purple flowers
- evergreen with orange buds
- also known as "tree of life"

**ADOPT  
A STREET  
TREE!**

O'ahu is losing  
tree canopy!
